CORE VALUES

AT CORE WE BELIEVE THAT CULTURE IS THE FOUNDATION FOR SUCCESS AND
OUR CORE VALUES ARE THE MORTAR THAT HOLDS IT ALL TOGETHER.

PLAY TO WIN

WE COMPETE AS A TEAM. WE HAVE A BIAS TOWARDS POSITIVE ACTION.

KEEP SCORE

TO KNOW HOW TO WIN, WE NEED TO KNOW WHERE WE STAND.

OWN IT

WE ARE ACCOUNTABLE, END TO END.

CHANGE IT UP

PLAN AND PREPARE TO BE NIMBLE.

ALL IN

WE ACT AS ONE TEAM.

FIND A WAY

DO WHAT IT TAKES. THINK BIG FOR CORE. NO EXCUSES.

SPEAK UP

LET'S HEAR IT. PRACTICE RESPECTFUL, UNFILTERED DIALOGUE.

StairMaster® knows what it takes to make the toughest workouts, pioneering the stepmill and taking HIIT to the next level. We're a trend forward brand that will continue to lead the way in fitness training with innovative products and our unique style of encouragement that dares you to challenge yourself and push through the pain.

WHAT WE'RE KNOWN FOR

- The **#1 name** in cardio
- Known for **high intensity**
- Known for having **reliable products**
- Delivers **quick results**
- A **reputable, trustworthy** company

HIIT CONSOLE

The StairMaster HIIT console makes great HIIT workouts even more effective. Track your workout with detailed metrics, follow one of the built in workout programs, and connect your phone via Bluetooth to save and share your workout. The console also comes equipped with ANT+ giving you the ability to pair with heart rate trackers and connect to group displays. The HIIT Console now comes standard on StairMaster HIIT products.

HIIT PROGRAMMING

From the makers of the toughest workouts in the gym, comes a tough, engaging and scientifically backed High Intensity Interval Training program. Have your trainers and coaches HIIT certified by our Master Trainers, leverage our unique HIIT products to attract members and learn to market your own exciting HIIT program to create a new source of revenue for your facility.

[Learn more about our education offerings on page 70.](#)

StairMaster® HIIT Console

- Simple, easy to read backlit display
- Easy to use programmable time, distance, calories, time interval, and calorie interval programs
- Bluetooth connectivity to share your information to your favorite tracking app
- Displays heart rate broadcast from ANT+ or 5kHz heart rate straps
- ANT+ allows you to display data on leaderboards with tracking software
- Standard on HIIT Rower, HIITMill, HIITMill X, HIIT Bike & HIIT UBE

OPENHUB™ PROGRAMS

LANDMARK CHALLENGE

The Landmark Challenge on the StairMaster Gauntlet lets you test yourself against various landmarks. See if you can climb the Eiffel Tower, the Empire State building, the Burj Khalifa, or one of many other landmarks selected from all over the globe.

OVERDRIVE TRAINING MODE

An entirely new climbing experience – OverDrive simulates carrying and pushing a load while climbing stairs. Users choose either manual control or one of several pre-programmed interval workouts in the OverDrive Training Mode. Overdrive creates the toughest workout ever delivered on the cardio floor. Push to accelerate the steps and increase your work load, stop pushing to recover. The most demanding StairMaster workout. Ever.

**Available only on the StairMaster 10G*

10G

- Available with 3 OpenHub™ console options
- OverDrive Training Mode simulates carrying or pushing a load up stairs for an all-new level of HIIT workout
- Widest, deepest step in the industry and lowest step up height
- Redesigned handrail system supports a variety of workout positions including push/carry in new OverDrive Training Mode and optimal entry/exit
- Service panel removes with 4 fasteners, allows easy access to drive train and electronics
- Hand rail mounted stop button, level controls and contact heart rate
- Revolving staircase with eight steps. Step surface: 12" (30 cm) Deep x 22" (56 cm) Width
- Step rate: 25 Levels ranging from 24-190 steps per minute
- User weight capacity 400 lb (181kg)

SCHWINN®

RIDE AS ONE

With historic roots in outdoor cycling, Schwinn's focus has always been on authenticity and quality. We brought the feel of the road to indoor cycling with the same expertise and education that drives the industry forward. Schwinn is an informational and educational source for all things Indoor Cycling.

WHAT WE'RE KNOWN FOR

- Known for **high quality products**
- A brand members are **proud to use**
- Products are **ergonomically designed** for proper movement
- A **reliable brand**
- Makes products that are **fun to use**
- A **reputable, trustworthy** company

YOUR RIDE YOUR WAY

Schwinn® is committed to giving you the most customizable and authentic ride possible. Choose between the new AC & SC bike lines with the all-new Power bikes. Outfit your bike with the many great new additions like the 4iiii® crank arm which gives you the most accurate power reading on the market, and is a perfect compliment to the new Echelon2 console. Finally, ask us about how you can get your bikes with custom paint and decals to fit your style to your company image. Get what you want, the way you want it.

ENGAGE THE COMPETITION

We know that measurement = motivation. Take your group cycle experience to another level by adding a group display system to your facility. There are several options, compatible with the Echelon consoles, to display competitive data between riders. Competition can be a great source of motivation and increased engagement, greater member retention, higher membership rates and more meaningful trainer/client relationships.

YOUR RIDE YOUR WAY

CUSTOM BIKE DECALS

Enhance your brand with custom bike decals. Add your logo or custom artwork to up to eight different locations.

ECHELON2

- Large, easy-to-read backlit display with all measurements on one screen
- Pairs with the 4iiii® powermeter to give you the most accurate power measurement system on the market
- Displays: Power (WATTS), RPM, Calories, Gear, Heart Rate, Time, Distance, AVG/MAX Power
- Get multiple options for tracking rider workouts, including Wireless ANT+ and USB
- Compatible with all AC & SC bikes

SMARTER. FASTER. SAFER.

With a rich history in developing sports technology, 4iiii Innovations has worked hand-in-hand with the world's best cyclists to develop an industry-leading powermeter. Using patented 3D strain gauge technology, the 4iiii crank delivers accurate, reliable and consistent data. Trusted by the best athletes in the world, the same technology is now available to indoor riders. Whether it's tracking calories or in-depth power analysis, the 4iiii crank offers accurate results to help riders reach their full potential.

- Most accurate direct crank based power measurement, accurate within <1%
- Bluetooth Smart and ANT+ provides reliable connection to leaderboards, personal tracking apps, sport watches, and consoles
- Reliable, robust and watertight
- The same technology used by professional World Tour cycling teams: Quick-Step Floors, BORA-hansgrohe and the Canadian National Cycling team
- 1500 hours of battery life via 2 standard AA batteries

TRIPLE LINK PEDALS

Triple Link pedals give users the freedom to choose between strapping in with the use of toe cages or using cycling shoes with pedal options for SPD® & Keo or SPD & Delta® compatible clips. Our pedals use a patent-pending threadless spindle that virtually eliminates the potential for the pedal spindle to break or back out of the crank. With easy installation and worry-free performance, we think it's the best thing to happen to pedals since the clip.

ACCESSORIES

OPTIONAL DUMBBELL HOLDERS

are rear-mounted onto the fore/aft seat slider for easy in-class access while riding

OPTIONAL NUMBERING TAGS

enable clubs to rotate bikes, balance usage, and increase longevity while still keeping the numbering layout consistent for members

CUSTOM POWER BIKE LED

light up your ride with your choice of 6 different custom LED color options (white, red, orange, yellow, green, blue, pink)

MOTOSUMO

RIDE AS ONE

Motosumo is the only group fitness solution powered by smartphones to track and connect everyone. Members can connect, compete and compare their results in real time with their class and instructors using only their smartphones. The app also supports team workouts and group display for a more engaging class experience. The Motosumo app is available now on both iPhone and Android.

COMPATIBLE WITH ALL BIKES, PAST, PRESENT, FUTURE, WITH OR WITHOUT CONSOLE, OURS OR NOT!

- Uses sensors in smartphone to measure RPM
- Uses 4iiii crank to record Power or display Watt/KG, %FTP
- Uses Bluetooth heart rate monitors to record BPM or display %HR
- Calculates duration, distance, calories

REAL TIME COMPETITION, COMPARISON, AND MEASUREMENT:

- Join your class, be part of the team or race a friend. View progress of the whole class on your own device, and rate your instructor
- Easy to use and FREE – just download and ride
- Monitor cadence, distance, calories and intensity in numbers and personalized COLOR ZONES
- Bring your history home
- Join social competitions through your studio or globally through Schwinn and Motosumo

AC™ Power 9-7300

- Customizable with frame paint, personally branded decals, and accessories
- Carbon Blue™ durable toothed drive train provides an Authentic Cycling experience
- Magnetic Resistance Brake for zero drive train maintenance
- 4iiii® crank arm powermeter delivers accurate strain gauge power feedback to help riders train harder and smarter.
- On-board generator powers Echelon2G Console without batteries
- Morse Taper pedals for increased durability and reliability
- Performance Plus™ handlebars ergonomically designed for reduced hand pressure in performance positions
- Schwinn Fit System enables versatile seat and handlebar adjustments for refined positioning
- Frame Finish - Powder Coated Aluminum
- Seat Slider and handlebar materials - Aluminum

Nautilus® invented the entire modern strength training category 50 years ago, and we have been reinventing it ever since. We never innovate for the sake of fads, bells or whistles but to provide a fitness experience that naturally fits human movements. We wouldn't settle for anything less.

WHAT WE'RE KNOWN FOR

- Known for **high quality products**
- A **reputable, trustworthy** company
- Has **reliable products** with **high uptime**
- The equipment **used by serious enthusiasts**
- The equipment **used in higher end gyms**

50 YEARS DOWN AND STILL GOING STRONG

Nautilus is known as the first name in strength for creating the modern strength category 50 years ago. This year we are commemorating our 50th anniversary with limited edition custom Nautilus products, acknowledging our history while looking forward to the next 50 years of moving the industry forward through innovation, commitment to quality and a passion for fitness.

INNOVATIVE WEIGHT SELECTION

Nautilus selectorized strength has some of the most innovative and easy to use weight selection systems ever. Both Lock N Load® and the weight dial remove any need for pins, which can easily be lost or broken, meaning fewer maintenance headaches. Members will love the intuitive weight adjustment, which is as simple as flipping a switch or turning a dial.

NAUTILUS CUSTOM STRENGTH

Make a stronger first impression with custom strength equipment from Nautilus. We have a wide variety of options to help you match the look of your strength equipment to your personal brand, with the ability to create custom colored upholstery, frames and even design custom shrouds with your logo, on select strength lines.

MAKE A STRONGER IMPRESSION

Brand is everything. And now, you can make an even longer lasting impression with customized strength equipment in your facility. With custom colored frames, upholstery and even your logo (on select equipment) you can enhance your brand. Put your best foot forward with Nautilus custom strength equipment.

**Equipment shown in custom colors*

Innovative weight select dial makes for easy adjustments and less maintenance

Modern tower design with customizable shrouds

Custom frames & upholstery available

DIAL “ONE” FOR UNPRECEDENTED RESULTS

Nautilus One™ equipment combines revolutionary weight stack technology, a 4-bar linkage and specialized CAM designs to provide users with smooth resistance and proper muscle loading through the complete range of motion and the most intuitive and user-friendly selection method ever created: a dial. Fewer cams, pulleys and no guide rods extend the life of this product well past other machines.

**Line shown with optional black shrouds*

Nautilus One towers are genius in their simplicity. Unlike traditional weight stacks, plates are stacked side-by-side with minimal use of pulleys and belts. This allows for natural movement mechanics and gives a smooth, plate-loaded workout feel from a selectorized machine.

A STRONGER FIRST IMPRESSION

Proudly designed in the USA, the Nautilus Inspiration Strength[®] line delivers a series of must-have updates to an outstanding strength circuit. Redesigned with beautiful, modern aesthetics and uniform towers, Nautilus Inspiration makes a powerful first impression.

Each machine captures the essence of natural movement. Members will appreciate the many easy to use and easy to see features like our patented Lock N Load[®] weight selection system, the wrap-around assisted seat adjustment, lenticular image placards, pre-stretch and range of motion controls designed to enhance each user's experience.

Leg Press

PROVEN. SMART. EFFECTIVE.

The Impact Strength line brings many subtle innovations to the power of your next weight training workout. It is the evolution of the proven biomechanics and user features that have made the Impact Strength line a solid, competitive product. This line retains all the unique, proven, individual design features that customers have stated are ideal, such as pre-stretch, start assist, range of motion selection and graduated heavy weight stacks. Impact Strength incorporates new aesthetics and biomechanics features that have established its position as a competitive and diverse strength product line.

NAUTILUS INSTINCT®

**Equipment shown in custom colors*

Lock N Load®
weight selection system

Increased visibility through
transparent weight towers

Kevlar transmission belt for
extended life and easy replacement

EASY TO USE. EASY ON SPACE.

Welcoming to users of all levels, Instinct® Strength is a full line of intuitive machines with easy adjustments, offering users a quick and complete workout. Perfectly suited to be a basic strength line or circuit system, Instinct effectively complements more specialized lines. Users can complete a circuit on their own or with the assistance of an instructor in just 30 minutes. Instinct Strength offers both single and dual function units to meet the needs of any space or facility. The versatility of Instinct's small footprint also lets you get the most from minimal space, while blending seamlessly with our cardio line for a cohesive facility look.

Leg Extension

Model	9NL-S1010

NAUTILUS HUMANSPORT™

**Equipment shown in custom colors*

Lock N Load®
weight selection system

Designed with two weight stacks for
multiple training options

We offer a wide variety of training
variants and programs

A PERFECT FIT FOR EVERY USER

With a design inspired by the graceful, natural motions of the human body, HumanSport™ offers a truly unique and human way of conditioning. HumanSport is so simple, so intuitive and so natural that it feels as if it were custom-built for each and every user. Six dual-function cable-based machines act as twelve workout stations by utilizing dual weight stacks to provide a wide range of total body training. When paired with the provided programming designed by our Master Trainers, HumanSport makes a powerful addition to any facility.

Shoulder Chest

- Strength for Athletes
- Ski
- Running
- Soccer
- Cycling
- Climbing

HUMANSPORT™ FUNCTIONAL TRAINING

HumanSport opens up completely new programming opportunities for members, trainers and facility operators. HumanSport is designed to allow unlimited resistance training options through movements in the seated isolated position, seated unstable position and standing position. By utilizing all three, your fitness staff can create any number of unique goal-based programs to cater to your desired client groups. These programs can be used for one-on-one personal training or to capitalize on small group training. Give your members an outstanding functional training tool and gain the ability to target all new client groups with HumanSport.

NAUTILUS LEVERAGE®

NAUTILUS
TRUSTED STRENGTH CENTER

**Equipment shown in custom colors*

Low load points for
safe and simple use

One-of-a-kind lever & pivot points
for optimum biomechanics

Intuitive touch points & user-friendly
gas shock assisted seat adjust

A ONE-OF-A-KIND PLATE LOADED EXPERIENCE

The Nautilus Leverage® line offers a one-of-a-kind plate loaded experience with features that outshine the competition. Leverage features stainless steel knurled grips, assisted seat adjustments and user pre-stretch settings. Using multiple levers and cams, Leverage creates a unique lifting profile for each movement that maximizes the mechanics of the human body. With a sleek look and integrated storage, the Leverage strength line will appeal to facility operators and their members. It's all about the feel and once you've exercised on Leverage, pushing and pulling weight plates will never be the same again.

The Plate Loaded Ab Crunch combines the iconic Nautilus clam shell ab crunch motion with key features of the Leverage line like low plate load points, a progressive strength curve, two color frame design and convenient plate storage.

NAUTILUS® GLUTE DRIVE

The Nautilus Glute Drive safely and smartly isolates your glutes, building power through a strong hip bridge motion, creating sexy glutes, improved hip and core stability. The Glute Drive gives you the full benefits of the hip thrust exercise, simply, safely, and with good form. A comfortable padded belt secures the user to the back pad which supports the full length of the spine for added safety. Users can load up to four plates on each side, which gives the machine a max weight load of 360 lbs.

Glute Drive

Model	NP-L1131
OW	252 lbs (114 kg)
W	60" (152.5 cm)
L	62" (157.5 cm)
H	35" (89 cm)

- Upper body pivot bench provides full spinal stabilization and support
- Heavy reinforced padded waist harness provides optimal lifting application
- Oversized angled foot platform to accommodate users of all sizes
- Dual sided safety catch and release mechanism for ease of use
- Bottom dropout safety stop
- Integrated resistance band pegs for modification of load curve
- Commercial grade dual pivot bearings
- Delrin coated protective wear surfaces on heavy contact and load points
- 3mm wall thickness industrial grade steel

NAUTILUS MULTI-STATIONS

**Equipment shown in custom colors*

HUGE VARIETY. SMALL FOOTPRINT.

Sometimes you have space for multiple pieces of equipment and sometimes you don't. That is exactly why our multi-stations are a great option when you're still looking for the total workout experience and commercial feel while needing to maximize space.

Each of our multi-stations have the smallest possible footprint, while combining the most essential elements from our strength lines. Add in great features like swiveling pulleys on the Lat Pull Down, Low Row and Triceps Press and fully adjustable pulleys on the Cable Crossover System, and you have an economical, space-saving equipment solution that doesn't look, feel or train like one.

Cable Crossover

NAUTILUS[®] BENCHES & RACKS

**Equipment shown in custom colors*

Molded urethane bar holders for quiet and safe bar placement

Benches include integrated grip and wheels for easy transport

Rubber feet for floor protection

STRENGTH BUILT STRONGER

From Olympic benches that can be customized with or without weight storage to our one-of-a-kind abdominal and back extension benches, we've raised the bar for both aesthetics and function. Our benches and racks flow seamlessly with our other products so you will notice a family look and feel as you position your free weights along side our other strength lines. Our benches and racks don't just look strong, they exceed industry requirements in all respects.

NAUTILUS HALF RACK

IMPROVED VERSATILITY. REDUCED SPACE.

The sturdy and versatile Nautilus Half Rack is built to accommodate a wide range of exercises, movements and users from beginner to professional athlete. The open-front design lets users move freely and allows for the use of a variety of benches. The optional wood floor and band pegs make it perfect for athletic training and Olympic style lifting, while the shorter 97" tower means it can fit into facilities with lower ceilings. The compact design and built-in plate storage make our Half Rack ideal for schools and personal training facilities as well as larger facilities.

FEATURED

4" SVA PLATFORM

The new Nautilus dampening platform was developed as a way to reduce sound and vibration caused when users drop barbells when performing Olympic and power lifting. It uses a proprietary blend of materials designed to absorb the force of the barbell. These absorption characteristics not only cut down on sound and vibration, they also reduce bar bounce. STAR TRAC®
MADE TO PERFORM

Star Trac® is with you and your members for every step. We go beyond providing cardio products by developing innovative user-oriented solutions that help mold lifelong health and fitness habits.

WHAT WE'RE KNOWN FOR

- The brand **used by enthusiasts**
- Great for **tracking**
- Makes products that are **fun to use**
- A **reputable, trustworthy** company

OPENHUB CONSOLES

Our affordable, flexible, innovative OpenHub consoles are available on every piece of 10 Series and 8 Series Star Trac. They offer best in class entertainment, fitness tracking and asset management solutions. With the ability to select just the features you want, and add new features in the future, this open platform offers you the ability to have exactly what you want, when you want it.

UNMATCHED USER COMFORT

Whether it is our signature personal fans, the shock absorbent Soft Trac® technology in our treads & pedals, or the convenience of accessible water bottle holders and media trays, Star Trac cardio will keep your members happy with its commitment to user comfort.

IMPRESSIVE & UNIFIED AESTHETIC

The cardio section has never looked so appealing. All Star Trac Cardio is styled with a sleek, modern look, with each additional unit complementing the section as a whole. With their shared look and OpenHub interface, members will feel at home on whatever machine they choose to use.

CONNECTED PERFORMANCE

REIMAGINED 15" & 19" OPENHUB MODELS AVAILABLE NOW

OPENHUB CARDIO CONSOLES

Our design philosophy for OpenHub was simple: provide a flexible platform that connects expert partners and provide solutions for every customer. We walked away with a smart, affordable and configurable solution. Available on Star Trac® and StairMaster® cardio equipment, OpenHub comes packed with entertainment, fitness tracking, group display and asset management solutions. Whether you are looking for embedded TV, streaming video, 800/900mhz receivers or an add-on PVS, it's all possible. The best part is, you add (and pay for) only what you want, when you want. New 15" and 19" embedded consoles have been enhanced with beautiful new HD touch screen displays, Wi-Fi and Ethernet internet connectivity, exciting new fitness training programs and integrated streaming, news and social apps. All OpenHub consoles can connect with leading technology and third-party apps to deliver connectivity solutions for users to easily track, save and share their workout results. The future of club connectivity is OpenHub.

OUR EXPERT PARTNERS:

INCLUDED

OPTIONAL

FitMetric, Broadcastvision Entertainment, ECOFIT, MYE, Performance IQ, ZWIFT, Runsocial, Apple and MyZone are registered trademarks and/or service marks owned by other companies not affiliated with Core Health & Fitness LLC and are not owned by Core Health & Fitness LLC.

OPENHUB™ PROGRAMS

EXCLUSIVE HIIT PROGRAMS

OpenHub embedded consoles offer an exciting and innovative HIIT program developed by World Record Holder, Olympic Trials Qualifier and Master Instructor, Sonja Friend-Uhl. Interval training has been clinically proven to provide amazing benefits, such as reducing blood pressure, glucose sensitivity and body fat, while improving aerobic fitness and muscular power. A version of the program was created for each piece of cardio equipment, with time-efficient workouts that take only 20 minutes to complete and can be adjusted to work for any fitness level. Variations allow for hundreds of different workout combinations, keeping participants engaged as they progress through the ranks to higher effort levels. Get maximum benefits from your cardio workout with 90% less training volume and up to 67% less time commitment compared with other interval training protocols.

RUNTV

RunTV is an immersive fitness entertainment experience designed to help motivate you to get the most from your exercise. Gain access to a curated collection of virtual environments to run through and empowering videos to watch as you workout. Take on the Tour de France, watch videos on improving your technique, get inspired by stories of extraordinary human feats, or lose yourself in a feature film. Whatever you choose, RunTV will empower you on your journey.

ENTERTAINMENT OPTIONS

STB Ready Consoles

Connect to IPTV, satellite or cable services with our new STB Ready embedded cardio screens. The connection is seamless and user control of channel and volume is handled via integrated controls on the display. No add-on keypads required. Any STB in the world. Simple.

Leaderboard Connectivity

Get visual feedback, coordinate engaging competitions and motivate members by connecting OpenHub to MyZone or similar leaderboard systems.

Wireless Audio Receiver

Optional Integrated 800/900 MHz wireless receivers have worldwide system compatibility and provide audio from any ceiling or wall mounted TV. *(Requires wireless audio transmitter)*

Add-on PVS Kit

Our 8 Series LCD, 10" display units and all of our S Series cardio products are pre-wired to accept an add-on 15.6" HD Personal Viewing Screen. The PVS mounts seamlessly to the product and 8 Series cardio includes an integrated control keypad inserted into the front of the cardio display for easy control.

10 & 8 SERIES SPECIAL FEATURES

Apple GymKit Connectivity

GymKit allows OpenHub LCD and new 15"/19" consoles to connect directly with Apple Watch for real-time data sharing between the equipment and watch using NFC technology to allow a simple tap to pair connection.

Quick Key Selection

Quickly adjust speed and incline with the easy Quick Key selection on the 8-TRx treadmill. Members can quickly navigate the treadmill controls and adjust their workout with a row of large buttons on the LCD console. This user-friendly feature allows for easy adjustment to the workout while in motion.

Asset Management

ECOFIT® asset management solutions let you see beyond the basics of which machines are most used – you'll get insights that show you if you should rotate machine placements to improve maintenance scheduling, identify and plan preventative maintenance to ensure equipment is available to members and much more.

Streaming from Personal Devices

Our 15"/19" embedded console and our PVS add-on displays for 8 Series allows users to stream content from their personal device to the screen. This requires an HDMI connection to our integrated HDMI port using a cable appropriate for a user's personal device, be it Apple®, Android™ or other. *(Cables not included)*

Hub Cap - Optional Tablet Holder

For viewing content on a personal device while exercising, we also offer an optional tablet holder that can be added to the top of any LCD or 10" OpenHub™ console. Able to hold tablets up to 10.1" diagonal screen size.

Throwdown® creates opportunities to push boundaries, enabling everyone to reach their peak performance by creating flexible and challenging exercise environments. Our diverse offerings make it easy for trainers and members to mix it up.

FREE WEIGHTS

Throwdown offers a wide variety of products to ensure you have everything you need to fully outfit your free weight area. Every product meets our high-quality standard and is made with premium hard-wearing materials.

FLEXIBLE FUNCTIONAL TRAINING RIGS

The XTC is a hyper flexible rig, carefully engineered to create training zones for groups of members to train simultaneously. Constructed with 4' cross member bars, the XTC comes available in 14', 24' and 34' lengths to accommodate various spaces and group sizes. It can be customized with a wide variety of accessories and is ideal for Functional Training. Functional training is beneficial because it develops multiple major muscle groups simultaneously and mimics movements that you perform in day-to-day activities. The XTC can be a valuable revenue tool as it can accommodate multiple trainers and members in one space and is ideal for small group and team training.

CUSTOMIZABLE STORAGE OPTIONS

Functional fitness station add-ons enhance the overall usage of the training center. Simple intricate designs keep the storage around the training center clutter free and safe for all team members. Each piece has a specific use and you will find them all around the training center.

INCREASE REVENUE WITH EDUCATION

At Core Health & Fitness we believe that knowledge is power. With the world's greatest Master Instructors, we create the most personal, accessible and innovative instructor education programs available in the industry. With our award-winning teams, instructors can earn continuing education credits backed by global accreditation organizations like ACE AFAA, NASM and REPS. Our courses, live or online, transform passionate enthusiasts into thoughtful, empowered and skilled experts.

The Core Health & Fitness Master Instructor team can provide training sessions to enhance your staff and members experience with our equipment. You instructors can become certified in a variety of fitness programs including High Intensity Interval Training (HIIT), Indoor Cycling, BoxMaster, Strength Training and Cardio; helping you start up or optimize revenue generating programs. Different facilities have different needs and we can help address those needs. Our Master Instructors have extensive knowledge of our products, brands and training protocols required to set your teams up for success and to continue strengthening the relationship between our brands and your business.

By offering a robust selection of quality fitness programs and world class instructor training, we give facilities the opportunity to expand their member base, retain existing members and open up new revenue opportunities. We are committed to developing cutting-edge programming and providing tools that can help any instructor elevate their teaching performance and member experience.

EDUCATION OFFERINGS

Live Training

Nothing can beat learning from the world's greatest Master Instructors live and in-person. Check out our list of upcoming events OR host a live training event at your facility!

Learn more about certifications here:

www.corehandf.com/certifications

Learn how to host a training here:

info.corehandf.com/host-a-training

Education Packages

Our education packages are filled with materials to help support your fitness programs. From instructor manuals to sample class instructions and promotional posters and email templates, you'll have what you need to attract members to your facility.

Online Training

Our online courses offer the same high quality education found in our live trainings in an accessible, convenient and self-paced curriculum. Providing instructors the opportunity to remotely access the tools and learning content needed to elevate them as coaches and instructors.

WE SUPPORT YOU

CUSTOMER SERVICE IS MORE THAN JUST SOMETHING WE OFFER, ITS WHAT WE DO BEST.

A company and its products are only as good as the people behind them- and we have the best in the business. We realize that no matter how good our equipment and products are, it means nothing the minute you have a question or a problem that goes unanswered or unresolved. That's why along with providing best-in-class fitness equipment, Core Health & Fitness boasts a Customer Services Department unparalleled in today's commercial fitness market.

We proudly offer world-class services to more than 90 countries around the globe with a team that truly partners with you to help grow your business and be there for all of your services needs, both pre and post- sale. In the end, our goal is to keep your facility operating at maximum capacity with little equipment downtime.

WHO WE ARE & WHAT WE DO

At Core health & Fitness, our customer service team is here to support you. With decades of experience, our Global Customer Service team work like a well oiled machine to assure you always have the best support for your equipment. This book is a guide to the customer service team, tools and solutions available t you and your business. We look forward to supporting you.
