ERGOMETER PURE

we refine fitness

STIL-FIT ERGOMETER PURE

The STIL-FIT ergometer offers you everything you need for an efficient cardio workout in the smallest of spaces. Perfect ergonomics, sophisticated technology and innovative equipment.

Our goal was to develop an ergometer that can be easily integrated into any living environment. We are convinced that this is the only way to achieve a real and permanent fitness effect.

Powerful training console

Ideal for intensive and effective workouts.

Minimal space requirement

Compact design with only 0.5 square meters of floor space.

Generator operated

No external power necessary.

01

PERFECT ERGONOMICS

The comfortable ergonomics offer the best options for all types of workouts - short, intensive training units and long endurance rides.

VARIED TRAINING

The ergonomic handlebar offers three different grip positions and a comfortable training.

REDUCED Q-FACTOR

The small distance between the pedals ensures an even rotation and a healthy posture.

02

POWERFUL TRAINING CONSOLE FOR A HEALTHY AND EFFICIENT WORKOUT

With an intuitive menu navigation, 32 resistance levels and a variety of training programs, including two heart rate trainings, the STIL-FIT Ergometer PURE offers everything you need for your training at home.

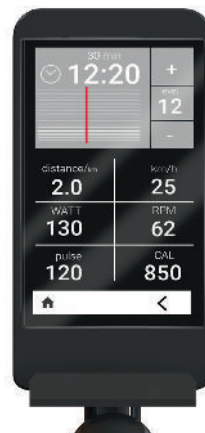

Choose the workout that's right for you.

- Quick Start
- 6 hill programs
- 2 heart rate training programs
- 1 watt program

Heart rate measurement via Bluetooth LE receiver, e.g., Polar H10 or Polar Verity Sense

All the information you need for an effective training is clearly shown on the color display.

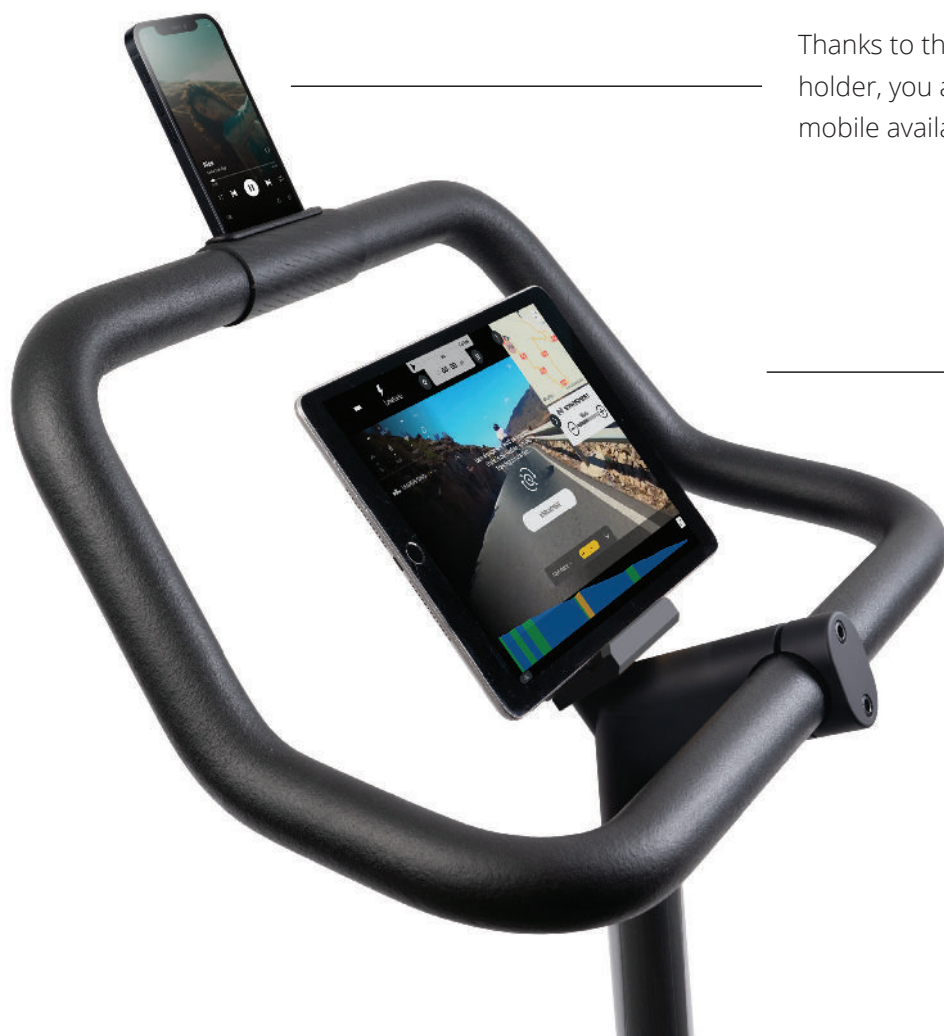

- Time
- Distance
- Speed
- Level
- Watts
- Cadence
- Heart rate
- Calorie consumption
- Remaining time

03

MULTIFUNCTIONAL COCKPIT

Use the entertainment options for a varied workout and always stay motivated. Working out has never been more fun.

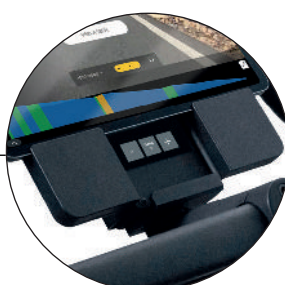

Thanks to the mobile phone holder, you always have your mobile available.

Simply place your tablet in the tablet-holder and watch a movie, your favorite Netflix series, read your newspaper or your emails.

COMPATIBILITY WITH OTHER FITNESS APPS

The STIL-FIT Ergometer PURE is compatible with the Apps Kinomap, Zwift and Rouvy. Enjoy a ride on Mallorca's coastal roads or race with thousands of other users all around the world.

With the extended tablet-holder * you can use the console as a gearshift when the tablet is in use.

*Optional accessories

05 EQUIPMENT

To make sure you have the best possible training experience, we attach great importance to excellent workmanship and high-quality equipment that is well thought out down to the last detail.

MADE IN GERMANY

The STIL-FIT Ergometer PURE was designed and developed by Anton Maria Rief. Assembly, quality control and shipping are carried out in our own factory in the heart of Munich.

The selection of the right suppliers, high-quality materials and components are essential for us to achieve an optimal result in terms of functionality and design.
